UNITED STATES REPRESENTATIVE, 46TH DISTRICT

NAME: EHAB ATALLA **PARTY: DEMOCRATIC**
OCCUPATION: Businessman/Author/ Consultant **AGE: 45**

I know what it's like to go to bed hungry, to live in despair, to have complete disadvantages in terms of money and skills. And I know what it's like to flip the switch and turn pain into will, to turn poverty into prosperity. I did that for myself and I'll create the same economic change for you, for our district, and for our country.

As a first generation immigrant, starting from scratch, with only my skills, understanding of business, hard work, and my thoughts, I was able to:

Establish 34 businesses in 15 different industries. Drive and conduct business in all 50 states in-depth.

Travel to 61 different countries and discover different political systems. Earn my MBA and work towards a Doctor of Business Administration degree.

If you really think about it, all of our problems in balancing the budget, healthcare, social security, education, the economy, etc. —are caused by a lack of money.

My plan is to solve the foundation—the financial problems that our district and country face. When we fix the budgeting issues of our society we will see all of our problems begin to solve themselves.

We need to better invest and control where our tax money goes. Let's handle our money correctly.

It would be an honor if you gave me the chance to work on the problems our country and district face; this is my area of proven expertise.

Vote for me, Ehab Atalla, MBA.
