

KIM BERNICE NGUYEN

Garden Grove City Councilwoman

I am not afraid to challenge the status quo, embrace innovation, and work for change. At the age of 25, I became the first Latina elected to the Garden Grove City Council. A voice for all residents, I championed economic development, overdue infrastructure projects, and park expansion and rehabilitation. I made public safety a top priority, implementing an effective community policing plan. As the daughter of a Mexican mother and a Vietnamese father, I will always fight for all communities.

As your Orange County Supervisor, I won't be afraid to tackle the tough issues facing our neighborhoods and small businesses. I have a comprehensive homelessness and housing action plan that boldly and compassionately addresses the substance use epidemic and mental health crisis facing Orange County.

I'm proud to be supported by our police and local law enforcement. We need to ensure our neighborhoods are protected, residents are safe, and families feel secure in their communities.

Orange County needs new leadership with fresh solutions, not another career politician. I humbly ask for your vote.

Endorsed by Congresswoman Katie Porter.
