

**AMY HANACEK**

Governing Board Member, Capistrano Unified School District, Trustee Area 1

I am running for reelection to the Capistrano Unified School Board because taxpayers deserve experienced, stable leadership. As a mom, I know that young people thrive in stable nurturing environments, that's why I work tirelessly to secure and maintain an unwavering focus on students and the core values of teaching and learning. I have dedicated myself to ensuring that our tax dollars support safe, well-maintained schools, that our children have top quality teachers, that our test scores continue upward, and that our schools continuously rank among the top in the state.

As a small business owner, I know the importance of sound budgeting and developing prudent fiscal policies that prioritize the needs of students first. As a parent and longtime resident of Dana Point, I fully supported school academics, arts, and athletics while developing strong community partnerships that added career opportunities and value at our neighborhood schools.

My respect for families and record of service makes me the trusted, proven parents' choice.

As your Trustee on the Capistrano Unified School Board, I have...

Secured millions of dollars of state funds for Dana Hills High School new classroom building;

Secured millions of dollars of state funds for San Clemente High School to construct a modern gym;

Launched Junior ROTC, Seal of Civic Engagement, Early Childhood Center, Family Resource Center, and Futureology College and Career Counselors on every HS campus;

Actively supported Las Palmas Parent Safety Committee adding more security cameras and security fencing;

Insisted on accountability establishing a Financial Transparency Portal;

Championed more consistent communication through updated online services, coffee chats, and community town halls;

Launched Spanish Dual Immersion and Marine Biology K-5 at RH Dana Elementary School;

Advocated for facility and safety upgrades adding needed air conditioning at Palisades Elementary School;

Fostered robust career education at Shorecliffs Middle School resulting in major kitchen classroom renovation, commercial music, and Career Technology Investigation (CTI);

Reorganized CUSD College and Career Advantage Board to increase Career Technical Classes (CTE) such as Cyber Security, Robotics, Cisco IT Lab, BITA Construction Academy, Welding, EMT, Fire Science, Engineering/Manufacturing, Pharmacy, Automotive Tech, Medical Occupations, and more;

I listen to parents and my community, and I have the know-how and vision to keep our children and this district moving forward. I respectfully ask for your vote and look forward to continuing the work needed to keep our schools among the top in the state.
