

**LAUREN BOECK****AGE: 44**

Community Volunteer

As a parent and career educator, I recognize the vital role our local public schools play in the prosperity of our beloved city. Having three students in LBUSD (1st, 3rd and 6th graders at El Morro and Thurston) I have a vested interest in our local school district informed by my current involvement in diverse volunteer leadership roles within the school and broader community. I would be honored to have the opportunity to work collaboratively with all stakeholders to protect the traditions and continue the impactful work of our school district as a member of the Laguna Beach USD School Board.

Prior to supporting the development of my own children as a full-time mother, I was a Middle School Assistant Principal and classroom teacher for 10 years. I hold both a Masters in Educational Administration and Bachelors in Applied Learning and Development from the University of Texas at Austin, one of the top collegiate Education programs in the country. I have a record of being a collaborative, objective leader who focuses on continuous improvement. As a great listener, I pride myself on having executed data-driven decisions while advocating for both students and teachers throughout my career.

My service to the El Morro PTA board includes three years as Vice President and Secretary. I am currently serving as Secretary of the LBUSD PTA Council. I am a member of the Campus Site Council at El Morro and served as a community partner in the development of the LCAP for LBUSD. I also serve on the board of SchoolPower, a non-profit education foundation dedicated to raising money for Laguna Beach public schools. In the community, I serve as a Laguna Beach city council appointed member of the Recreation Committee and previously served as co-coordinator of Mothers of Preschoolers (MOPS) at Laguna Presbyterian Church, where I am an active church member.

My experience as a parent in LBUSD and as a career educator currently holding community leadership roles, makes me a highly qualified candidate for the governance team of LBUSD. There is no doubt LBUSD is one of the best school districts in the state of California, and I believe we can continue to improve. I am a candidate who will listen, seek to build consensus within the community, and have students' best interests at the forefront of all my decisions. I hope I will earn your vote.
