

THOMAS BARRAZA**AGE: 51**

Business Owner/Caregiver

I'm a lifelong resident of our district, who attended San Marino, Orangeview, Western, and Cypress College. I currently serve on multiple education committees in our area, which is why I am running for Trustee. I'm driven by my values of family, education, and productive resolutions. I'm dedicated to ensuring our schools and district effectively support every student through collaborative, solutions-oriented approaches.

My Priorities:

Family-Centered Support: I believe in fostering an environment where family involvement is integral to student success. With parents' rights in mind, I will ensure that our schools support the whole family, promoting an inclusive approach to education.

Economic Responsibility: I am dedicated to ensuring our district's financial decisions are sound and responsible. I will prioritize investments that enhance student learning and school operations, providing our children and schools with a secure and confident future.

Accountability and Participation: Transparency and accountability are essential. I will advocate for clear communication and active participation from teachers, parents, and students to build a more effective educational system.

Focusing on these priorities will improve our children's thriving, well-supported learning environment. With gratitude and commitment, I am honored to earn your vote to achieve these goals.

Thomas Barraza for Area 3 Trustee.
