

CARRIE HAYASHIDA

Appointed Governing Board Member, Cypress School District, Trustee Area A

In May, I was unanimously appointed as the Cypress School Board Area A Trustee. Since then, I have met with the Superintendent and department Directors to learn about the district. To get to know our six schools I attended several events and even toured our State Preschool. As the new school year begins my appointed term is coming to an end. My commitment to the district, however, is the reason I am seeking to serve a full term.

As a 30-year resident and parent, my experience includes serving on school committees, chaperoning and volunteering in each grade K-12. Having raised my kids in Area A, I look forward to serving both Cypress and La Palma families, as well as developing new opportunities with Walker & Kennedy. Professionally, I developed education and training programs; and have been a Career Strategist since 2015. Knowing the schools, teachers, and communities makes me the ideal candidate to serve the District and Area A.

When elected, I will work to ensure our kids continue to have great teachers, receive quality instruction, and experience more opportunities to succeed in life. Let me make a positive impact on the district, the schools, and on our kids' education.
