

**JAIME NEEDHAM**

Parent/Teacher

My name is Jaime Needham and I'm running for Cypress School Board to introduce fresh perspectives and innovative solutions to our district's challenges. I'm dedicated to providing clear direction to achieve our district's goals and ensuring transparency, fiscal responsibility, and accountability in all our endeavors. I will do this while passionately advocating for our children, teachers, school district, and public education. As a proud parent of two young children at Frank Vessels Elementary School and nearly two decades of experience as a classroom teacher, education is not just my profession, but my passion. I earned a Bachelor of Science from San Diego State University and a Master's of Education from Azusa Pacific University. I have had the privilege of teaching in various school districts, including Cypress School District, Beverly Hills Unified School District, Irvine Unified School District, and Westminster School District. I have taught students from third to sixth grade, served as a Student Achievement Teacher, and acted as department chair. My extensive experience in education has strengthened my communication and analytical skills. I am solution-oriented and dedicated to supporting parents and teachers alike. I am committed to fostering community engagement and implementing creative ideas that ensure every student receives the quality education they deserve. Together, we can make a positive difference in the future of our schools. I kindly ask for your vote.
