

**HILDA SUGARMAN**

Governing Board Member, Fullerton School District,  
Trustee Area 2

I am humbled to represent you on the Fullerton School Board. My experience as a parent, teacher, and homeowner guides my commitment to our schools. Every child deserves a quality education that aligns with our shared values.

I am blessed by the endorsements of Congresswoman Michelle Steel, Senator Josh Newman, and Pastor Caleb Beller. I am also honored to have been recognized for innovation, impact, and leadership in education by the Orange County Human Relations Commission, Parent Teacher Associations, the California State Assembly, the Orange County School Board Association, and the Fullerton Chamber of Commerce.

I am committed to our students and ensuring they have excellent teachers, innovative technology, and access to critical programs. For instance, I helped to expand our district's art education, an innovative sports academy, and critical vocational training with students building a Tiny House for a homeless family. I also fostered dual language programs for Korean and Spanish and an expansion of mental and physical health services for our children.

Your ongoing support will enable me to continue our fight for the quality education that our students and our community deserve. I ask for your vote in the upcoming election. Together, we will shape a brighter future for our children and community.
