

LEONEL TALAVERA

Governing Board Member, Fullerton School District,
Trustee Area 5

I am honored to have served as your representative for the past four years, focusing on creating an environment where every student can thrive academically, socially, and emotionally. We've made significant strides in supporting the whole child by improving academic performance, enhancing school safety, engaging parents, and supporting our dedicated teachers, classified staff, sports programs, and local businesses.

Achievements:

Enhanced School Safety: Implemented comprehensive measures to ensure a secure environment for all students and staff.

Therapy Dog Program: Launched a program that improved student well-being and reduced stress, creating a more positive school atmosphere.

Fiscal Responsibility: Balanced the district budget while increasing funding for key programs without raising taxes.

Innovative Learning: Integrating arts and sciences with modern teaching methods to prepare students for the future.

Equity and Inclusion: Ensured all students have access to the resources and opportunities they need to succeed, regardless of background.

Community Engagement: Developed partnerships between schools, families, and the community, working closely with local businesses and nonprofits.

I am passionate about our schools and committed to ensuring every child receives the best education possible. I humbly ask for your vote to continue the progress we have made together.

Thank you for your support.

Vote Leonel Talavera.
