

OFELIA CORONA HANSON

Incumbent

My name is Ofelia Hanson, I currently have the honor of serving on the La Habra City School District Board and I am a product of La Habra schools. I am a proud parent of a La Habra City School District student. I have dedicated my life to serving children through my profession, and also through volunteerism with the La Habra Host Lions Club. My bachelor's degree in business administration and 25 years of youth development experience with the Boys & Girls Clubs of La Habra has provided me with the skills to make objective, educated, and practical decisions.

Student achievement and safety remains to be our highest priorities. I will continue to work hard to ensure that our school district continues to offer our students every possible opportunity, and to provide a safe and quality education to all children. I believe that the collaboration between school staff, parents, and the community is essential, and that my knowledge and appreciation of our diverse community allows me to identify and address student needs.

I believe my experience, budgeting skills, leadership skills, and passion of serving our community, will enable me to contribute greatly as a board member.

I appreciate your vote.
