

BERTHA MANZANARES

Social Services Manager

My name is Bertha Manzanares, and I know that a good education is the key to a successful future. La Habra has been my home for over 20 years, and my children are successful adults today because of the education they received in La Habra schools.

Professionally, I work for the state, overseeing the health and safety of kids in over 2500 childcare facilities. I know from experience that we must remain focused on school safety.

As your school board member, my priorities will be:

- Focus on the basics, keeping politics out of the classroom
- Protecting the innocence of children
- Supporting parental rights, including school choice
- Accountability and transparency

I am committed to nurturing independent thinkers with ambitious aspirations and empowering them to turn their dreams into reality. Together, we can make this vision a reality.

I am seeking your vote in November to champion common-sense solutions and foster parental involvement in their children's education. Parents raise their children, not the government.
