

KEITH JORGENSEN**AGE: 56**

Parent/Investor/Realtor

I am pleased to call Huntington Beach home, where I have lived since 1979. Over these years, I have developed a deep love and commitment to our city and its families, and I bring a wealth of experience and values that I believe are crucial for guiding our schools to new heights of excellence.

My educational background includes a degree in Psychology from Pepperdine University, which has provided me with a strong foundation in child development. This degree provided me with valuable insights into child development, which is crucial for understanding the educational needs and developmental stages of students. My commitment is to foster a supportive and enriching educational environment for all students.

Professionally, I have spent over three decades as a successful real estate investor and local realtor. I have managed apartment portfolios, both personally and for investors, demonstrating my expertise in financial management and strategic planning.

As a former stay-at-home father, I understand firsthand the importance of a solid education grounded in ethical core principles. I am committed to promoting accountability and transparency within our school district, ensuring that taxpayer dollars are spent responsibly to enhance educational outcomes for all students.

I firmly believe in maintaining a balanced budget that supports our schools' needs, while respecting the financial contributions of our community. My vision for Ocean View schools includes increasing enrollment by offering a focused curriculum that emphasizes fundamental academics, principles, and equips students with the knowledge and skills they need to succeed in life. I advocate for age-appropriate and value-based literature and resources in education, ensuring that our students receive a well-rounded and enriching educational experience.

I am dedicated to fostering a supportive and inclusive school environment where every student feels valued and empowered to reach their full potential. I am also committed to listening to the concerns and aspirations of our community and working collaboratively with parents, educators, and stakeholders to shape policies that best serve our students. By upholding traditional values and prioritizing academic achievement, we can ensure that Ocean View schools return to centers of excellence and innovation. With your support, I am committed to bringing my experience, dedication, and passion to the Ocean View School Board. Together, let's work towards a brighter future for our children and our community.
