

**TIM ZANDBERGEN****AGE: 60**

Small Business Owner

In these uncertain and confusing times, Aliso Viejo needs dedicated, experienced and proven leaders on our city council. Having spent decades as a small business owner in the employee benefits industry, along with 18 years on the board of my HOA, I developed the skills to work well with others with the goal of making life better for our neighbors and broader community. Both experiences have exposed me to the negative impacts of intrusive and unsustainable government actions.

When elected, I will stand for our resident's freedoms, liberties, and to preserve and enhance Aliso Viejo's wonderful quality of life. To do this, I will work to ensure that our residents are protected by the finest police and firefighting services and to support policies that promote:

- Low taxes
- Sound fiscal policies
- Robust local businesses
- Elimination of unnecessary regulatory burdens
- Protection of private property rights for all property owners
- Safe neighborhoods and parks
- Common sense real estate development

For the past 21 years, my beautiful wife Kristin and I have proudly called Aliso Viejo our home, I respectfully ask for your vote on November 5th for the new District 1 seat on Aliso Viejo's City Council.
