

FRANCISCO ROSAS

Cath Lab Assistant

I am a Navy veteran, an aircraft mechanic studying to be an EKG technician. When I saw our Council's DisneylandForward vote, giving up our public street Magic Way, and refusing to demand a study on the effects of Disneyland's nightly fireworks on our local environment and the health of our children, I knew I had to run.

We need a Council that puts the needs of Anaheim's working people ahead of the city's wealthy special interests, which are doing fine without our help.

Our Council has not done nearly enough to provide Affordable Housing for our hard-working residents, or to protect our renters from excessive rent hikes and unjust evictions. Anaheim needs rent control, like Santa Ana has.

As your Councilman, I will push for an Inclusionary Housing Ordinance, as many cities have, requiring all new developments to include a large percentage of low-income housing. Anaheim's developers won't be financing my campaign. Neither will Disney, S.O.A.R., or the Apartment Association.

I will also push for real Campaign Finance Reform, and a Gate Tax on our Entertainment Giants (excluding Anaheim residents) to fund the city's needs.
