

**LEO MEDRANO****AGE: 50**

Businessman/Engineer/Father

I'm a second-generation Navy Veteran, Engineer, Finance Executive, volunteer, and Father running to be a champion for our neighborhoods on the City Council in the newly created District 4.

After graduating from Stanford Engineering School and Stanford School of Economics, I served as a U.S. Naval Officer. Later, I attended UCLA Business School and worked for two decades as a finance executive for large and small companies. I know how to balance budgets and plan for a sound financial future.

After the Navy, my call to service continued locally, serving as a Cypress City Commissioner, and volunteering with various organizations.

My children have attended Landell, Lexington, and Cypress High School. As a father, I want to ensure the best possibilities for them, but as a public servant, I want to build a brighter future for all Cypress residents. Keeping our city one of the safest and most desirable places to live, work, and raise a family.

As your councilmember, I will:

- Prioritize public safety and work with police, first responders, and firefighters to protect our neighborhoods

- Ensure balanced budgets and limited spending

- Improve local infrastructure

- Enhance collaboration between residents and the city

Let's work together and build a better Cypress.
