

**JAN M. FLORY**  
Retired Attorney

I am passionately committed to Fullerton and have had the honor of representing Fullerton residents for 14 years as a Councilmember and Mayor. I thought this phase of my life was over; however, I feel compelled to once again advocate for my neighbors and neighborhoods at Council because too many concerns are not being addressed. People are not being heard. Our roads have not been fixed.

Throughout my time in office, we invested in our roads, supported our local businesses, and prioritized city services like expanding the Main Library and modernizing the police station.

Although Fullerton faced serious challenges, during my tenure on Council, we worked together to solve problems. Our differences on the dais were never more important than the people of Fullerton.

I'm asking for your vote to bring the spirit of discussion and collaboration back to Council.

My family has lived in Fullerton since 1970. My late husband and I and our twin sons graduated from CSUF. Go Titans! I practiced family law in Fullerton for 35 years.

I hope to earn your vote so I can bring to Council my experience and willingness to work with and listen to all of our community.
