

## **VIVIAN "KITTY" JARAMILLO**

Retired Preservation Officer

As a lifelong South Fullerton resident, volunteer, former city commissioner and Fullerton Code Enforcement Officer, I've spent decades working to make the city I love, and where I raised my family, a better place to live.

I've seen south Fullerton ignored by City Hall all my life. We have to fight for decent streets, sidewalks, pothole repairs, green space and safety lighting. Broken promises by politicians continue. It's time for change.

I don't talk about making Fullerton better, I put in the work. Volunteering with students, seniors, local veterans, numerous commissions and organizations to make our city better. I don't talk about cleaning up our city, I've led efforts to remove graffiti, blight and beautify parks.

I've spent my whole life fighting for the south side and as your councilmember, I'll never stop working to protect our neighborhoods, keep us safe and give our community a voice. I will:

- Work to fix our crumbling streets and sidewalks.

- Address vacated/abandoned commercial store fronts.

- Create new recreational opportunities for youth and families.

- Combat the homelessness and housing crisis while improving emergency response times.

I'm your neighbor, fighting for our neighborhoods!

Proudly endorsed by Assemblywoman Sharon Quirk-Silva
