

LAN NGUYEN

AGE: 60

School Boardmember/Attorney

Dear Garden Grove Residents,

I am running for Mayor of Garden Grove. I believe in the potential of this great city which is far more than what we see today. I want to elevate Garden Grove to its full potential so that we can call it a place to live, work and prosper with pride.

I have the experience and commitment to serve the residents of this great city.

Over 20 years serving as an elected Trustee on the Garden Grove Unified School District (GGUSD) Board of Education.

Served on the Garden Grove Planning Commission

Over 30 years advocating for the community,

Over 40 years as a resident in the Garden Grove area, and

Graduated from Bolsa Grande High School, went on to college at UC Riverside, then UC Hastings Law School in San Francisco and returned to live and serve in Garden Grove since then.

As Mayor, I will

Support law enforcement and first responders to fight crimes and improve public safety;

Support small businesses by reducing red-tape and streamlining the permitting process to improve processing time while cutting costs and expenses due to bureaucratic delays;

Allocate more resources for our seniors and youths with recreational programs and services in the city;

Improve the quality of the neighborhood as we face the challenges of overcrowding and housing shortage.

Provide needed funding to fix our streets and roads.

I have the credentials, experience, knowledge and commitment with a strong record in serving all residents in Garden Grove. The outstanding record of GGUSD in the last 22 years demonstrates my ability and experience in working with all stakeholders to bring out the best outcome with limited resources. GGUSD is a proud and premier school district in the state and nation. Generations of students graduating from GGUSD have contributed to the quality of life and economic development in the city.

The goal I have for the City of Garden Grove is to create a safe community where residents can live, work and prosper with pride.

I would be honored to receive your support. For more information on my campaign, please visit www.lan4mayor.com
