

THOMAS THAI NGUYEN
Media Host/Businessman

AGE: 61

I humbly ask for your vote to become the next Mayor of Garden Grove. I'm running because I love this city and care for the people who live here.

As a media businessman with decades of experience, I have the expertise to make impactful decisions and lead effectively. I have worked alongside local business owners, laborers, and professionals in Orange County, including Garden Grove. I understand the challenges our families face and believe a strong city council focused on public safety, infrastructure, and expedited home improvement plan processing.

Throughout my life, I have made it my duty to give back to the community. As Mayor, I will prioritize business growth and job creation, address homelessness with practical solutions, and enhance education for our youth. Additionally, I will promote health and wellness programs and promoting cultural events and showcasing our city's diversity.

I am committed to accountability and transparency in city governance. I believe in integrity, honesty, and trustworthiness. I will work hard to make our community beautiful and prosperous and restore trust in our government. As your Mayor, I will listen to every voice, serve every constituent, and work every day for the betterment of Garden Grove. I respectfully ask for your vote.
