

ARIANA ARESTEGUI

Campaign Finance Director

East Garden Grove born and raised! I'm a lifelong resident, city commissioner, and dedicated community advocate always working to improve our neighborhoods and give us a voice at City Hall.

My commitment to service was influenced by my parents, immigrants from Mexico and active volunteers who instilled in me the values of hard work and dedication to family and community. From a young age, I volunteered with local non-profit groups to organize food drives and beautify our neighborhoods. This call to give back to the community that raised me helped instill a drive toward public service. I'll fight for Garden Grove residents and work to improve quality of life for my neighbors.

As a former Garden Grove Planning Commissioner, I helped ensure projects across the city benefited residents and our community. Currently, as a Garden Grove Parks, Recreation, and Arts Commissioner I've worked to improve city parks, expand recreation opportunities and create much-needed park space in East Garden Grove.

As your Councilmember, I'll always put East Garden Grove first. Working every day to protect our neighborhoods, enhance public safety, repair our roads and sidewalks, and increase quality of life.

Join me for a brighter future for our community.
