

**MARISSA JACKSON****AGE: 42**

Mother

I would love to serve you as a conservative, patriotic, wife and mother of faith. I care deeply for the residents of Huntington Beach. As a mother of five children, community, church and school volunteer, a daughter of Air Force parents and wife of a Military Survivor Support Specialist, mine is a life of giving and service and I hope to now serve you through our Huntington Beach City Council.

Having dedicated my life to raising my children while serving in my community and church, I have a vested interest in the safety and security of our suburban beach community. I want to keep Huntington Beach family-friendly, encourage and strengthen our small businesses, keep our city financially self-reliant, and fight high-density housing. I fully support our Homeless Taskforce and Police Department.

I earned a bachelor's degree in Political Science - Public Administration, while serving as a Student Government President and Senator, vice president of the College Republicans and a District Attorney intern. I am a former CubMaster, marriage and family relations instructor, president of a church children's organization, youth leader and teacher, music leader and homeschool teacher. I am endorsed by and serve with Moms for America, and I serve on the Greater Huntington Beach Interfaith Council.
