

DON KENNEDY

Businessman/Huntington Beach Commissioner

There's a reason so many Huntington Beach residents and local leaders support my campaign; it's because they know who I am, what I've done, and what I stand for.

I'm a businessman with decades of executive leadership, husband of 30 years, and a father. As a youth sports coach for 10 plus years, I've always been active in our community, and currently serve as Vice-Chairman of the Huntington Beach Planning Commission.

Senator Janet Nguyen and Scott Baugh support me, they know I'll always fight against Sacramento mandates attempting to force us to build massive amounts of low-income, high-density apartments.

Mayor Gracey Van Der Mark supports me because she knows I'll always stand up for family values.

I'm proud to have the support of Mayor Pro Tem Pat Burns, a retired police officer. Together, we'll always prioritize keeping our city safe.

Former Mayor Tony Strickland supports my campaign. He knows I'll fight to implement our Voter ID laws; making it easier to vote and ensuring election integrity.

Councilman Casey McKeon, also a businessman, supports me. He knows I'll bring my executive leadership experience to help grow our economy, create good local jobs and increase revenue.

Thanks to Michelle Steel and Max Ukropina for their support as well.

I'm asking for your vote.
