

REGINA M. BLANKENHORN
Municipal Executive Coordinator

City Clerks Association of California - Member
International Institute of Municipal Clerks – Member
Coast Community College District Enterprise Board Chairperson
BA Business, Summa Cum Laude, Sigma Beta Delta Honor Society

I am excited to share my vision for serving as your next City Clerk. My journey in public service began in the City Clerk's Office, where I developed a deep understanding of how accuracy and efficiency are vital to our civic processes.

Currently working in local government, I directly support a City Council with daily communications and assist residents and businesses to ensure that all policies and procedures are properly followed. As Chairperson of the Coast Community College District Enterprise Board, I oversee the Goldenwest College Swapmeet's budget and operations.

Having raised my children in Huntington Beach, I have always believed in the importance of contributing to my community. Being a parent and public servant has shaped my commitment to helping others grow and thrive, and I am eager to bring that same dedication to the role of City Clerk.

I will passionately foster a transparent, neutral, and responsive local government. I ask for your vote to make this vision a reality. Together, we can safeguard your right to have a voice and participate in your local government.

Thank you for considering me as your next City Clerk.
