

DELWIN "DEL" LAMPKIN
Deputy Sheriff/Consultant

AGE: 39

Service to others defines my entire life. Since my youth, I've been actively involved in community service and social initiatives aimed at improving others' quality of life. Starting at the age of 9, I volunteered thousands of hours at my local library. Serving communities, both publicly and privately, has been a pleasure over the last 30 years, with 23 of those years dedicated to a career in law enforcement, currently as a Deputy Sheriff with the Los Angeles County Sheriff's Department.

I serve as an Advanced Training Officer, where I train peace officers throughout California in constitutional law, procedural justice, leadership development, workplace harassment prevention, and cultural awareness. Additionally, I serve as an Incident Management Team Officer, co-coordinating the management and mitigation of large-scale emergencies in Los Angeles County that demand regional law enforcement resources.

Privately, I've expanded my service 8 years ago by founding Harbinger Horizon LLC, a professional development consulting firm providing leadership opportunities to businesses and organizations throughout California. Over the years, I've been sought by over 100 city governments to improve service quality and professional standards, aiding them in becoming better community stewards. I hold a Masters Degree in Organizational Leadership, a graduate certification in Human Resources, FEMA Emergency Management Instructor Certification, State of California Department of Justice - Commission on P.O.S.T. Intermediate Instructor Certification, State of California DOJ - Commission on Peace Officers - Standards & Training (POST) Advanced Certification, and several incident command and hazmat certifications.

My city government experience isn't from political appointment but as a highly sought-after solution for city governments, helping them uphold ethical and behavioral practices. I deeply value the relationships between residents and city government and aim to enhance public safety, small business development, and leadership using the wealth of knowledge, skills, experiences, and traits I've acquired over a lifetime.

I seek an appointment to the City Council to represent you effectively, listening to your concerns with empathy and with a shared interest in our city's success. I ask for your vote and support.
