

**TANYA DOBY**

Small Business Owner

Hello, Residents of Los Alamitos,

My name is Tanya Doby, and I am honored to have served as your city council member over the past four years and as Mayor in 2023. I am thrilled to share some key accomplishments from my first term and ongoing initiatives.

During my tenure, I secured \$3 million to enhance our community center, civic center, and improve streets on Bloomfield near LAE.

I am passionate about supporting our local nonprofits and businesses. Initiatives like the Mayor's Business Spotlight, Los Al Bucks, and business façade improvement grants have strengthened our local economy and community spirit.

I have also been proactive in securing funding for citywide projects through strategic appointments to countywide and regional agencies. These efforts have brought in grants and matching funds to support vital infrastructure and community development projects.

As a member of the Budget Committee, I advocated for transparency and fiscal responsibility. Our balanced budget approach has resulted in a surplus, ensuring that essential services like our police force are fully supported, and our streets are well-maintained.

My ultimate goal is to continue fostering the growth and development of our beautiful city. I humbly ask for your vote in the upcoming election.
