

**WARD L. SMITH**  
City Council Member

**AGE: 65**

My parents moved to Placentia when I was 6 years old because it was a safe community with excellent schools, parks, and outstanding opportunities for families and small businesses.

Following college, it was an honor to serve the city for 34+ years as a member of the Placentia Police Department, where I retired as Chief of Police.

Due to my years of experience in the community, I was elected as your council member in 2016 and re-elected in 2020. Together, we have accomplished much.

We have implemented programs to address homelessness.

We have improved infrastructure through road repairs and facilitated the addition of a faster fiber internet backbone throughout the city.

We are currently building a new Public Safety Facility to enhance our efforts to keep crime rates low.

By collaborating closely with community organizations such as Rotary, the Chamber of Commerce, Veteran's Advisory, and LOT318, we have created a unique partnership with the city to address the critical needs of our residents.

Today, Placentia is the same wonderful community as when I first moved here.

I kindly ask for your vote to continue my service to the City of Placentia.
