

K.C. WOLBERT

Business Owner/Contractor

As the current Planning Commission Chairman for Westminster and a resident for 20 years, I see our city losing residents and businesses to our neighboring cities. For too long our council has done more infighting rather than focus on the business of the city. Mismanaged funds have led to higher crime, more homeless, and overall, a very dirty looking city that is in desperate need of repair and development. Help me bring back strong, effective leadership back to our city that isn't simply trying to occupy a seat only to run for higher office later.

Together, let's return Westminster back to being what our city motto claims us to be - an "All-American City." It's time for conservative values, common sense, and a lot of hard work. So please vote for K.C. in District 3!
