

PAULA SWIFT

Small Business Owner

DEMOCRATIC

I'm Dr. Paula Swift, and I'm running for Assembly because Orange County families deserve a representative who understands what it means to stretch a paycheck, navigate a broken healthcare system, and worry about whether the next generation can afford to stay in the community they grew up in.

I know what resources our communities need, and I know what is at stake when Sacramento gets it wrong.

I put myself through school while raising my family. I earned my bachelor's degree from Azusa Pacific University and a Master's and Doctorate in Leadership from the University of Southern California. After surviving a tragic act of domestic violence, I've dedicated my work to protecting those overlooked by a government meant to protect them.

Today I own a small business, have taught at a local college, and spent over two decades serving Southern California families, supporting children in foster care and fighting to improve access to mental health care and educational opportunities.

As your Assemblymember, I will fight to make healthcare more accessible and affordable. I will push for housing solutions that offer pathways to homeownership. I will work to expand opportunities for our students, protect our seniors' retirement security, and increase support for the small businesses that give our communities their character.

We need leadership focused on lowering the cost of living and bringing accountability to our State Capitol. I have the life experience to deliver it.

A future shaped by opportunity, not circumstance.
