

JJ GALVEZ

Appointed Director, Silverado-Modjeska
Recreation and Park District

DEMOCRATIC**AGE: 35**

You deserve a government that works.

Housing, insurance, food, childcare, gas, and electricity outpace wages. I see it in South Orange County, and my family feels it too.

I'm an immigrant who came here on a student visa, paid my way through college, and proudly became a US citizen to pursue the American Dream—the promise that hard work builds a good life. But the cost of living is putting that dream out of reach for too many.

My career is in business—not government—13 years building tech companies and meeting payroll. I serve as unpaid Treasurer of the Silverado-Modjeska Recreation and Park District, where I balanced our budget after a 30% cut while preserving core services.

In Sacramento, I will work to lower costs for building, insuring, and fire-hardening homes, bring down rents so our youth can afford to live where they grew up, make AI data centers (not families) pay for their energy demands, win our share of road funding, strengthen schools and public safety, and back entrepreneurs and small businesses that create jobs.

I accept no corporate PAC money. My votes will serve you, not private interests. I pledge to be an independent, data-driven, solutions-focused decision maker.

I'm running to give back and represent you and your family. You're my boss. I keep time open for constituents at www.JJGalvez.com/meeting

Let's stop the chaos of division. I am grateful to be endorsed by Democrats and Republicans. I will fight for you whether or not you vote for me.
