AUSTIN J. EDSELL
Educator/Finance Commissioner

As a proud Coast Community College District alumnus, I know firsthand how our colleges transform lives. For more than 20 years, this community has been my home.

As an educator, I prepare students for the future. As a Huntington Beach Finance Commissioner, I promote fiscal responsibility, accountability, and transparency. I have also hosted Career Fairs and Children's Resource Fairs connecting students, families, and job seekers with valuable opportunities and resources.

As your Trustee, I will:

Expand career education, technical training, and workforce partnerships while supporting traditional four-year university pathways, ensuring every student has a roadmap to success.

Strengthen campus safety by working with law enforcement and first responders to improve emergency planning, preparedness, and response times.

Keep education affordable through responsible budgeting, long-term financial planning, and transparency so taxpayer dollars directly support students and classrooms.

Demand measurable improvements in graduation, university transfer, and employment rates so every program delivers results and opportunities for students.

I am endorsed by Orange County Supervisor Janet Nguyen, Assemblymember Diane Dixon, State Senator Tony Strickland, Huntington Beach Mayor Casey McKeon, Seal Beach Mayor Lisa Landau, Garden Grove Mayor Stephanie Klopfenstein, and Orange County Board of Education Trustee Mari Barke.
