ELIZABETH "LIZ" DORN PARKER
Governing Board Member Coast Community College District, Trustee Area 5

The district has a stellar reputation as a leading community college district in the United States. The district's finances are in the best shape in decades. All colleges were reaffirmed accreditation for their academic excellence. Orange Coast College was awarded an additional accommodation for its outstanding programs and leadership.

The district has expanded associate degree pathways, career technical education and certificate programs. The colleges are now providing additional opportunities for career advancement, personal empowerment and transfer opportunities to our diverse student populations.

I am dedicated to keeping our district focused on student success, relying on our top-quality faculty, staff and administrators to move us forward in the new AI world.
I will continue to engage with our community and business partners to facilitate student success and maintain our institutional effectiveness and continued fiscal stability.

I have deep roots in Newport/Costa Mesa communities. I was raised in the district, my sons attended Newport-Mesa schools, I volunteer as a commissioner with the city, and I have been in leadership and governance roles at the local, state, and national levels.

As your elected governing board member, with your vote, I will continue the outstanding work and financial excellence on behalf of the students, the residents and taxpayers.
