

MANDY BOURNE

Community Volunteer

After practicing law, I've focused on our family and serving our schools. I've taught reading in elementary classrooms, helped families with college planning and applications, served on district curriculum and accreditation committees, and directed elementary school field days and senior nights for high school sports. I currently teach high-school study and life skills classes, previously teaching writing and music. For twenty years, I've loved serving in Capistrano Unified. My husband and I raised six children in CUSD, all of whom enjoyed its exceptional Spanish-immersion program. We're still experiencing the district alongside our youngest. From APs to navigating IEPs, we've successfully managed many concerns parents have with their CUSD kids. As a longtime volunteer and current Capistrano Unified parent, I remain deeply invested in every student's success.

I am running to prioritize:

Academic excellence

Strong partnerships with families

Safe schools

Attracting and supporting outstanding teachers.

Classrooms should prepare students for success in college, careers, and life. Keep the focus on learning, not on issues that divide us as neighbors. I am honored to have earned the support of teachers, trustees, and community leaders. As Trustee, I will bring experience, common sense, civility, and collaboration to every decision, always putting students first.
