CHARLENE CUELLAR
Community Volunteer

I'm your neighbor, a Garden Grove Unified Council of PTA's former president, family advocate, nurse, lifelong volunteer, and mom to three wonderful GGUSD-enrolled kids. I'm running for Garden Grove Unified School Board to be a voice for parents, students, and deliver much-needed change to the board of education.

Starting in business but shifting to a nursing career, like many parents, I became more involved in my children's education when the pandemic forced in-home learning.

Elected PTA Council President, I managed budgets and brought fresh ideas. Together, we revamped libraries, funded field trips, bought classroom supplies, paid for new sports equipment and chess sets, brought families together, and strengthened parent participation across the district.

Parents' voices are vital to the success of our schools. I'll use my experience building communities to deliver change that puts our kids first.

We must get back to fundamentals, rethinking kids' relationships with screens, focusing on literacy, building social skills, and bolstering student mental health.

As your trustee, I'll use my business background to protect our tax dollars, my nursing experience to ensure student safety, and my life as a parent to fight every day for the bright future our kids deserve.

Our students are worth it!
