

JACK CHANG

Business Executive/Parent

I believe parents, not politicians, should be the ones stepping up to serve on local school board because they have a vested interest in quality education for all students. That's why I've stepped up to be a voice for parents on the Orange Unified School District.

My family lives here and my children have attended local schools.

Every child deserves the opportunity to learn in a safe, supportive learning environment where they can reach their full potential.

I am committed to responsible spending of your tax dollars by promoting transparency, accountability, and thoughtful budgeting that prioritizes students, teachers, and classroom expenses not bureaucrats.

Only 46% of students are proficient at math. This needs to change. Let's get back to basics by strengthening reading, writing, math, science, and critical thinking curriculum to help students discover their talents and prepare for college, jobs, and life.

I believe parents and families are vital partners in education. We need a new approach to educating our children that puts students first. By listening, working together, and focusing on what unites us, we can ensure every student can succeed.

I would be honored to have your vote. Visit my website at ElectJackChang.com
