

TODD FRAZIER**AGE: 45**

Governing Board Member, Placentia-Yorba Linda Unified School District

As your Placentia-Yorba Linda school board trustee, a Certified Public Accountant, and a father of three PYLUSD students, I have worked to put students first and be consistent with the promises I made to our families in 2022. In every decision, I always focus on student interests first.

When I first ran, I pledged fiscal discipline, transparency, and an education system focused on academics rather than politics. On the board, I have applied my CPA training to scrutinize the budget, protect classroom dollars, and hold spending accountable to results, because every dollar counts.

There is still work to do, and I am asking for your vote to continue confronting challenging issues.

I will keep defending parental rights, protect girls' sports, and focus on student success in and outside the classroom. Parents deserve transparency about what is taught in the classroom, timely notifications, and a genuine voice in their children's education. I believe classroom instruction should be academic and age-appropriate so students can focus on reading, writing, math, and critical thinking. Political agendas including CRT and DEI advocated by some local universities have no place in PYLUSD.

Our daughters have a right to compete on a level playing field. I oppose biological males in girls athletic competitions or in girls locker rooms. I will fight to defend these rights, and keep communication between the district and its families open and honest.

As a business owner, I believe our schools should prepare all students for success, not only those bound for a four-year university. I will expand real career pathways in the skilled trades, technology, entrepreneurship, and artificial intelligence, so graduates leave PYLUSD immediately prepared to earn, build, and lead.

For more than thirty years, Yorba Linda has been my home. My wife and I have raised our family here, worshiped here. I have coached and supported local youth sports. I love this community, and our schools should reflect its values: integrity, hard work, and respect for every family.

I would be honored to keep serving you. Thank you for your trust, your prayers, and your vote.
