

KATELYN BRAZER ACEVES

Governing Board Member, Santa Ana Unified School District, Trustee Area 4

As President of the Santa Ana Unified School District Board of Education and a school employee with the Orange County Department of Education who works directly with students and parents every day, I've applied my experience as an educator and proven leadership to help improve our schools. Additionally, I am the candidate officially endorsed by the Santa Ana Educators' Association (SAEA) and the California School Employees Association (CSEA), Santa Ana Chapter 41.

During my first term, SAUSD achieved academic gains across every California School Dashboard indicator for the first time.

Together, we placed reading coaches at every elementary school, strengthened support for English Learners through new courses and targeted interventions, and increased college and career readiness by creating new internship opportunities in high-demand fields.

I led the creation of our districtwide Immigration Support Plan to help students safely attend school and families access resources, created two Student Board Member positions, and established the SAUSD Community Budget Advisory Committee to strengthen fiscal transparency.

Through building no-cost community partnerships, I've increased resources to students and families without relying on district general funds. This allows more money to be invested in classroom instruction where it matters most.

Under my leadership, voters overwhelmingly approved the largest K-12 school bond in Orange County in 2024, securing over \$355 million to modernize aging schools and provide safe, high-quality learning environments for every student.
