**LYNN DAVIS**
Governing Board Member, Tustin Unified School District
Trustee Area 3

Education: Harvard MBA, BA Mathematics Claremont McKenna College

As a school board member, I have successfully advocated for fundamentals – quality phonics-based reading instruction, rigorous standards in math and science, practical support for classroom teachers and hands-on Career Technical Education that prepares students both for college and well-paying careers.

A past corporate CFO, fiscal responsibility matters. As Board President, I've led bond refinancings saving local taxpayers over $48 million - dollars you won't be paying! We earned an upgraded rating from Moody's.

The independent website Niche.com ranks TUSD in the Top 4.2% of over 10,000 districts nationwide. We've had 17 California Distinguished School awards in the past five years.

The independent Education Scorecard report from Stanford placed TUSD in the Top 20% nationwide in overall student achievement, Top 10% in Academic Growth, found students learning math faster than 90% of other districts and low-income students among the fastest improving academically. Over 70% of our graduates are prepared for four-year colleges, giving them control over their futures.

In challenging times our schools need proven leaders with vision and results. Thank you for your support over the years! Re-elect Lynn Davis to protect taxpayers, maintain safe schools and support increasing excellence in our school district.
