

MARILYN BUCHI**Governing Board Member**

As a District leader, I have consistently championed a place where every student is important -with a choice among schools and programs, an education relevant to the future, and a safe and supportive environment.

My experience on the board as a strong, ethical and fiscally responsible leader has equipped me to protect the extraordinary quality of our schools.

Students in the Fullerton Joint Union High School District are attending, graduating and excelling in record numbers as they prepare for transition to college and career.

Our district, with the financial support of our communities, has completed such major improvements as science labs, theaters and gyms. Our teachers, support staff and leadership personnel are among the best.

My experience at the state level broadens my knowledge and ultimately helps to improve our award-winning schools. I serve on the policy-making body and as a past president of a statewide educational organization (CSBA) dedicated to sound governance standards for school board members.

As a long-time resident of the community, parent of district graduates, PTA leader and community volunteer, I am committed to making sure that our schools deliver the exceptional education that our community demands.

Let's Continue the Excellence!
