

AMY DUDICH**AGE: 48**

Operations Manager/Parent

As a South Korean immigrant adopted at eight months old, I came to America to live the American dream. That dream has always been to help others. In earning a Human Services degree from Cal State Fullerton I strengthened my commitment to serving others in our community.

Now is the time to pass the baton of leadership in Area 5.

Being a connected parent and volunteer, I listen to families and am committed to ensuring our students' needs are met.

As a mother of two Fullerton public school students, PTA leader, and 15-year resident, I am deeply committed to our schools and community and understand the needs of today's students and families.

Through serving on School Site Council, I have worked alongside students, teachers, and families. As a trustee, I will support teachers, expand student opportunities by preparing them for college or the workforce, ensure our schools remain safe, and advocate for access to the mental health resources students need to thrive.

Serving my community is both a privilege and a responsibility. I ask for your vote and support as we unite to build a stronger FJUHS - one where every student has the opportunity to succeed and reach their full potential.
