ADAM ROGERS **AGE: 44**

Governing Board Member, La Habra City School District

My name is Adam Rogers, an academic research director at USC, parent of two former La Habra students, and husband of a public school teacher. For eight years, I have been honored to serve on the La Habra City School Board, working to strengthen our schools and support students, families, teachers, and staff.

During my service, I helped hire our superintendent, Dr. Carlos, supported policies that protect and welcome immigrant families, and worked collaboratively to help our educational community become stronger, more stable, and successful. I have advocated for responsible use of taxpayer dollars, high-quality programs, inclusive schools, and decisions focused on student achievement and well-being.

My family has directly benefited from the dedicated personnel and programs at Washington Middle School, Sierra Vista, Ladera Palma, El Cerrito, Las Lomas, and KidZone. I have helped support programs, including the amazing International Baccalaureate programs at Imperial and Las Positas.

I bring 25 years of management and community service experience, a master's degree from USC, and a bachelor's degree from Cal State LA. I remain committed to excellence, innovation, transparency, and ensuring La Habra's diverse students receive the opportunities and support they deserve. I would be honored to earn your vote for re-election.
