

NATALIE MEEKS

Anaheim City Council Member, District 6

My American dream came true in Anaheim Hills. As a single mother, I worked hard and saved money to buy a home here to ensure my daughter would grow up in a safe community with a wonderful quality of life. She graduated from public schools in Anaheim Hills, becoming a local teacher.

Four years ago, I was honored to be elected your Councilmember. Since then, I've delivered results for Anaheim Hills:

- 12 additional firefighters stationed in Anaheim Hills
- Increased the number of police officers to the most in City history
- Reopened the Anaheim Police Department East Substation to the public
- New playgrounds at 2 Anaheim Hills parks
- Prohibited the sale of kratom and nitrous oxide to our youth
- Based on wildfire and evacuation concerns: defeated the development proposal in Deer Canyon
- Launched new penalties for those who allow illegal fireworks on their property
- Reduced the number of unsheltered homeless by 10% in 2 years
- Established e-bike regulations

If you re-elect me to the Anaheim City Council, I'll continue to fight for you:

- Wildfire and evacuation preparedness
- Enhance parks, playgrounds, and sports fields
- Improve East Anaheim Community Center, and add space for seniors
- Additional landscaping and pedestrian improvements on Santa Ana Canyon Road

I respectfully ask for your vote for a second four years as your Councilmember.
