

STEVEN C. VARGAS

Councilman/Business Owner

I have been your advocate for change in Brea politics and accomplished much with one vote against an unresponsive Council majority. Help me to keep accountability and transparency, front and center.

As your advocate, I helped pass Measure T, removing benefits for part-time Councilmembers. I established case law in government accountability by defending citizens' rights regarding ballot initiatives (Vargas vs. Balz). I consistently vote against tax, and fee increases which impacts our seniors and small businesses. I vote No to water rate increases which are unwarranted, Brea owns 1/3rd of the water company.

Since 2016, I have spearheaded the Integrated Crime Center to fully utilize technology to improve crime prevention and investigations to keep Brea safe. Partnering with our City Treasurer; we found billing errors by a city contractor, thousands have been recovered, with action pending to prevent future abuses.

My decades long commitment to public service includes 27-years military experience; Iraq war veteran, civil engineering corps Lieutenant Commander (retired) with master's degree in public administration.

I will work diligently to continue to earn your trust. Contact me directly by cell: 714-306-4523 or email: votevargas@gmail.com. Please Vote Vargas; strength and experience you can depend on. Your vote matters!
