

ANGELY ANDRADE VALLARTA

Nonprofit Director

As a working parent raising my daughter in Costa Mesa, I understand the challenges families face every day.

For 20+ years, I worked across government, nonprofit, and business sectors expanding opportunity, building partnerships, and delivering results for families.

As Planning Commissioner, I voted to approve our city code and projects expanding housing, including opportunities for first-time homebuyers. I advocated for streamlined permitting to encourage responsible development.

That's why I'm running for City Council: to ensure every resident can thrive.

As your Councilmember, I will work to improve public safety through neighborhood partnerships, and safer streets; expand housing opportunities and improving affordability; invest in green spaces; support local businesses and economic opportunity; and increase transparency, fiscal responsibility, and community engagement.

I bring collaborative leadership, lived experience, and a commitment to deliver results. Together, we can build a Costa Mesa with safer streets, stronger neighborhoods, and greater opportunity for everyone.

I'm proud of endorsements from OC Chapter Women In Leadership, Costa Mesa Councilmembers: Reynolds, Marr, Chavez, Gameros, NMUSD Board Trustees: Murphy, Ersoylu.

With your vote, we can achieve great things in Costa Mesa.
