

STEVE SMITH**AGE: 38**

Technology Consultant

I'm running for City Council to change business as usual and refocus City Hall on you.

Professionally, I'm a technology consultant focused on cloud computing. Personally, I'm a Costa Mesa enthusiast, resident, advocate, renter and member of your Animal Services Committee. I've spent my career solving complex problems.

I'm running on the Five Commitments for District 5:

Protect Fairview Park for families, preserve Glider flying, "Concerts in the Park" and the recreational uses that define it. Fairview Park is for you.

Staff it. Fund it. Equip it. Let's focus on our police and public safety in Costa Mesa.

Fix our finances: smart cuts, smarter growth, and a real plan to close the deficit — without new taxes or shortchanging our community.

Let's end the standoff between City Hall and local business. Red tape shouldn't outlast a good idea — and it shouldn't empty our storefronts.

A transparent city council — one that shows its work, holds open meetings, listens and answers to you.

Costa Mesa deserves experienced, accountable leadership that cares about you and our city. I'd be honored to earn your vote and put these Commitments into action.

Let's Talk:
