

ELIZABETH ANDRADE

Community Services Executive

My family is proud to call Fountain Valley home. My husband and I chose to raise our two sons here because it is a safe community with great schools, beautiful parks, and neighbors who genuinely care about one another. I'm running for City Council because I want to help preserve what makes Fountain Valley such a special place to live.

For more than 20 years, I've worked in public service, helping people find solutions during some of the most difficult times in their lives. Today, as Executive Director of a countywide nonprofit, I manage multimillion-dollar budgets, work with local governments and community organizations, and lead teams that serve thousands of Orange County residents every year.

I'll bring that same practical experience to City Hall. My priorities are keeping our neighborhoods safe, supporting our police and firefighters, maintaining our parks and streets, being fiscally responsible with taxpayer dollars, and ensuring City Hall is transparent and responsive.

I'm honored to have earned the endorsement of the Fountain Valley Police Officers Association. Most importantly, I will listen to residents, make thoughtful decisions, and always put Fountain Valley first.

I respectfully ask for your vote.
