

SHANA CHARLES**AGE: 50**

City of Fullerton Councilmember/Professor

Four years ago, I ran for City Council to ensure every neighborhood in Fullerton is healthy, heard, and heading in the right direction.

As your representative in City Hall, I led successful efforts to repave our streets and restore community events like First Night & 4th of July Fireworks.

I was the driving force behind Fullerton joining the lawsuit against U.S. Immigration and Customs Enforcement's racial profiling and other illegal practices.

I secured funding for our Fire & Police Departments and helped create the Fiscal Sustainability Committee to ensure Fullerton's financial sustainability.

I am the only Councilmember who holds weekly office hours because I will always listen to the community.

I am running for re-election to build on this progress. As your Councilmember, I will work to pave 100% of our streets, increase road safety for all, restore our parks and renew our commitment to a sustainably equitable future.

I am honored to have the support of Congressmembers Lou Correa & Derek Tran, California State Senator Tom Umberg, California Assemblymembers Sharon Quirk-Silva & Avelino Valencia, Orange County Supervisors Doug Chaffee & Vicente Sarmiento, Fullerton City Councilmember Ahmad Zahra, and the hard-working families of the National Union of Healthcare Workers, United Food and Commercial Workers & Orange County Employees Association.

I hope to earn your support as well, together we can continue to improve Fullerton's roads, parks, and finances.
