

DAVID FISCHBEIN**AGE: 54****Quality Assurance Inspector**

My name is David Fischbein and I am running for Fullerton City Council to bring proven leadership, accountability, and practical problem-solving to District 5. As a retired U.S. Navy veteran, I spent years leading people, managing resources, solving problems under pressure, and completing missions where preparation and accountability mattered.

My military service included leadership in aviation and maritime operations, including overseas deployments supporting U.S. missions. I was responsible for personnel, equipment, safety, maintenance, and operational readiness. In one aviation assignment, I supervised a 25-sailor work center supporting 12 helicopters and helped reduce aircraft downtime by 25%.

My civilian career has built on those skills through purchasing, supply chain management, quality assurance and government acquisition. I've managed relationships with dozens of vendors, supported millions of dollars in annual sales, and handled government purchases ranging from \$10,000 to \$250,000. I also hold a B.S. in Business Administration.

Fullerton deserves a councilmember who will focus on responsible spending, safer streets, well-maintained infrastructure, responsive city services, and transparent government. I'll bring a mission-focused approach to District 5: listen to residents, understand the facts, manage resources responsibly, and deliver measurable results. I'll work with residents, staff, businesses, and councilmembers to deliver results.
