

WILLIAM ZYLLA

AGE: 55

Retired Emergency Technician

Thank you for your consideration to represent Garden Grove City Council District 1. A resident since 2001, I bring a unique combination of healthcare experience and local government expertise to serve our community. My background includes 11 years with UCLA Health as a Clinical Care Partner and Emergency Trauma Technician, and 16 years in city government managing vital public safety, neighborhood preservation, and emergency management services. I hold a Bachelor's Degree from UC Irvine and have completed graduate coursework in Public Administration and Conflict Resolution. If elected, my top priorities for District 1 are supporting our first responders to keep our neighborhood safe, strengthening emergency preparedness to build a resilient community, enhancing neighborhood preservation, ensuring fiscal responsibility, and boosting local business growth and supporting existing businesses. I will also hold GKN and others strictly accountable to protect our residents and mitigate future impacts. Let's keep Garden Grove a great place to live, learn, work, and play!
