CINDY NGOC TRAN
Garden Grove Councilwoman/Engineer

As your Garden Grove Councilwoman, U.S. veteran, engineer, small business owner, teacher, and mother, I am proud to seek your support for re-election. I believe local government should focus on safe neighborhoods, responsible spending, supporting local businesses, and delivering results for District 3 residents.

During my first term, I have worked to strengthen public safety by supporting our police and firefighters, helping keep our neighborhoods safe, and connecting individuals experiencing homelessness with services while protecting our community. I have supported local businesses by expanding access to grants and city resources, helped families through first-time homebuyer programs, and advocated for improvements to traffic, streets, and neighborhood infrastructure.

I believe strong communities are built through service. That is why I have organized neighborhood cleanups, food distributions, and community events that bring residents together. Each year, I also provide hundreds of holiday gifts, donate backpacks to local students, and award scholarships because investing in our youth strengthens Garden Grove's future.

Serving our community has been the greatest honor of my life. With your support, I will be honor to continue to work to keep Garden Grove safe, financially responsible, and a wonderful place to live, work, and raise a family.
