Dear Residents,

It has been an honor to serve you as Councilmember and Mayor Pro Tem. Please accept my deepest appreciation. I seek your Vote for a second term to bring to fruition many important projects that begun under my watch since 2022. Last year, we opened our Navigation Center to provide much needed shelter. This September, our Public Safety Building will be inaugurated. We wrap-up our fiscal year with a balanced budget while the State of our City remains Strong. I have been a constant advocate for Immigrant Rights as we navigate policy challenges. I have promoted development of multiple communities. I'm always reminding our development partners of building with an eye for affordable housing and honoring our commitment to hire locally and respect labor contracts. I have supported our employees and city staff as we renew their contracts in-line with inflation and increased needs. I stand with our residents to demand accountability, transparency and responsibility in times of crises as exemplified in the case of GKN chemical tank crisis. I vow to double my efforts to serve you even better in the next term.
